

IKO Snow Kite Instructor Training Course

A solid training program

IKO offers a reliable and professional training program. Instructors become IKO certified by attending the 5 days Instructor Training Course (ITC). IKO certified kiteboarding instructors benefit from the possibility to do a shorter course (3 days). The training program corresponds precisely to snow kite teaching methods. The certification is recognized by the international kiteboarding community as the international standard in teaching.

At the end of the training, you will have developed abilities in the following major areas: safety, practical environment, analysis, technique, teaching psychology and live situation.

After attending an ITC and having reached the required level, you will be qualified as IKO Instructor level 1 and will be able to continue your pro training.

To keep a high quality teaching, all instructors' level 1 must request to pass their level 2 within the year following their training.

Your benefits with the IKO

- Get an International Diploma that will allow you to teach worldwide,
- Get specific snow kite insurance for teaching and practice,
- Benefit from teaching tools that are constantly updated,
- Certify the level of your trainees with the Snow Kiter Card,
- Receive the Pro Newsletter,
- Benefit from the jobs offers in the pro area,
- Become Instructor level 2,
- Get the IKO Kiteboarding Center affiliation for your school (once Instructor level 2).

Candidates to snow kite instructor level 1 prerequisites

- Be at least 18 years old,
